HONORING EXCELLENCE IN GRAPHIC COMMUNICATION

CELEBRATING, PRINT, PACKAGING, LABEL AND SIGN PROFESSIONALS

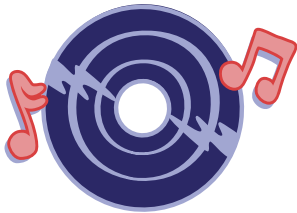

2022 PIA MidAmerica GraphEx Awards

PIA MidAmerica hosts the annual Graphic Excellence Awards (GraphEx) competition to recognize our industry's outstanding technical achievements in innovation and print production. Hundreds of entries are submitted each year in an array of categories including brochures, magazines, calendars, campaigns, packaging and much more. Our independent judges select the extraordinary pieces in the competition to be recognized for Best of Show, Best of Division, Specialty, Best of Category awards and Awards of Recognition.

In addition, we want to recognize businesses and technical professionals who make up one of the industry's largest regional trade associations in the United States. These professionals and award-winning companies demonstrate outstanding technical capabilities in print and finishing techniques. Distinguished industry leaders are recognized with Print Champion, Creative Print Champion and Executive of the Year honors. Join me in congratulating all the winners on their outstanding contributions that have made a positive impact on our region.

Best,
Teresa Campbell
Teresa Campbell, PIA MidAmerica President

2022 Professionals Of The Year

Executive of the Year **David Anderton** Integ
David Anderton, founder and CEO of Integ, has been a leader in the printing industry for more than 28 years. David started Integ as a small two-press shop in Waco, Texas, and has grown it into a 140 employee, multi-faceted communications company. He consistently ensures the long-term viability of Integ by integrating new acquisitions. There are now five facilities located in Waco, Bryan, Temple and Austin, Texas. From the beginning, his vision was to build a workplace culture that focuses on employees as their greatest asset. David created a program called "The Integ Way," which rewards employees who go above and beyond to exceed the expectations of their clients, team members and the community. With the help of his employees, Integ's growth was accomplished through listening to its clients' needs, understanding technology opportunities and aligning cultures when adding new acquisitions.

EHS Professional of the Year **Ed Ciambrone** Tulsa World
Ed Ciambrone is the Production Director at Tulsa World. He earned his bachelor's in Printing Management and Technology from Rochester Institute of Technology. His first job out of college was the Production Coordinator for the USA TODAY operation at the Lawrence Journal-World. Before joining the Tulsa operation, Ed was the Regional Vice President of Production of the Midwest Region for the McClatchy Company, based in Kansas City. Previous to that, he was the Production Director at the Lawrence Journal-World in Lawrence, Kansas. Ed also spent 11 years in the Point-of-Purchase Display industry in various technical and management roles.

Print Champion **Trey Laverty** Slate Group
Trey Laverty, Director of Sales Development, has been pushing the boundaries of print and proving the impossible, possible for 17 years. Trey continuously inspires those around him as a servant leader while having fun doing it. Since graduating from Texas Tech University with a bachelor's in advertising, he has achieved multiple ADDY Awards and attended several graduate programs such as Dale Carnegie to continue his growth as a business professional. His career path started in selling direct mail, which grew into print and then into design services. Then realizing his passion of inspiring customers with engaging concepts he captured the entire process. Trey then took his passion into transforming the culture and direction of the company which is now Slate Group. Inspiration, creativity, and a willingness to elevate their customers' brands in new engaging ways has become Slate Group's identity.
