## LETTER FROM TERESA

### DEAR MEMBER,

Our Buyer's Guide & Membership Directory is a member benefit designed to bring valuable business opportunities to our member companies. Each member company receives their listing complimentary with their membership. The data is housed in our online database, PrintAccess ([printaccess.com](http://printaccess.com), see below) and is a search engine optimized to allow your company to be discovered more frequently when buyers search for products, services, and equipment. PrintAccess has been a valuable source of buying information for almost two decades.

The enclosed guide is derived from PrintAccess. With over 1000 sub-category search words it is the perfect way to allow prospective customers to find YOU! Our statistical data shows that on average there are over 14,000 PrintAccess searches for industry companies every month and this year over 41,000 new registers. Our region continues to rank #1 in mobile searches with almost 40% of total clicks nationwide. This confirms that more and more buyers are searching online for providers in the central portion of the United States.

I encourage you to review your company listing and make sure it is current. You can log in and update at any time, especially with new contact information, capabilities, or equipment. Please select as many subcategories that apply, as these are the searchable fields within the database. If you do not know your password, contact us at either (800) 788-2040 or at [info@piamidam.org](mailto:info@piamidam.org).

The enclosed guide lists more than 400 companies comprised of members in our four-state region. In reviewing this guide you will find that our members reflect a broad range of providers and suppliers.

PIA MidAmerica is a true representation of the industry in our region. Now is the time to review your company listing and log in to [printaccess.com](http://printaccess.com) to make sure this resource is working for you.

## ABOUT PRINTACCESS

### What Is PrintAccess?

PrintAccess is an electronic buyer's guide for the printing and graphic communications industry which showcases APAN members in North America. It is organized and updated by APAN Sister Associations.

### How to add your listing

Since you are a member of PIA MidAmerica, you are encouraged to update your information on PrintAccess. Not only can you utilize the site for finding graphic arts products and services, but you can direct potential customers to check out your information as well.

### How to make changes

Call the PIA MidAmerica office at (800) 788-2040 and speak to a team member. You will be assigned a login and initial password so that you may update your company listing on PrintAccess as needed. Then refer to the following instructions on how to access your listing.

This searchable database returns results based on selected fields. We encourage you to share a brief paragraph about your company. Please ensure any products, services, or equipment mentioned are also selected in the appropriate fields, not just listed in the paragraph.

### Logging into PrintAccess

1.) Go to [www.printaccess.com](http://www.printaccess.com) and enter your login information provided. (Top Right Corner of Screen)

*Note: Please remember once your password is assigned; it is no longer available to the PIA staff. If you do forget it, use the "Forgot Password" option just above the login area in the top right hand corner of the PrintAccess Home page.*

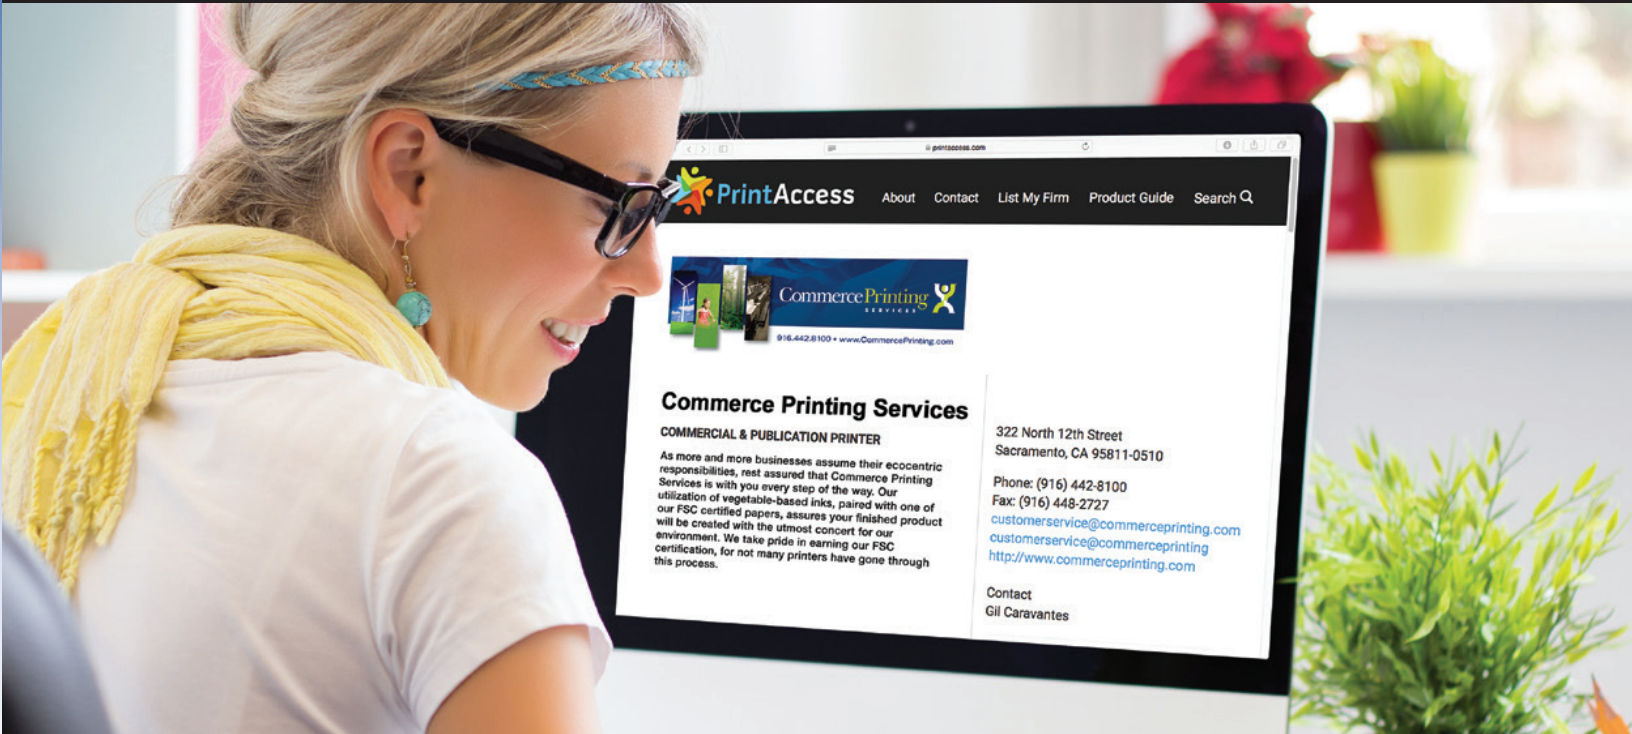

2.) Click on "Edit My Listing" in the main menu.

3.) Now follow the five-step process to update your company logo, product offerings, services, and equipment.

### Benefits

- PrintAccess is used by 300,000 users conducting more than 700,000 searches annually.
- Your listing has the potential to bring in new customers and keep repeat customers coming back.
- It is free to list your information on PrintAccess and is a great to advertise your company.
- PrintAccess takes the guesswork out of finding graphic arts products and services.
- Users are not required to provide login information or sign up to search.
- Detailed information on company specialties and equipment is provided with just a few clicks.
- You will save time and frustration of countless phone calls, internet searches, and emails you would have otherwise made.
- You can search for local resources and get what you need close to your business.
- When using PrintAccess you will get reliable information from a trustworthy source.

# BUYERS ARE JUST A KEYSTROKE AWAY.

**PrintAccess makes it easy for prospects anywhere to find your company, fast.**

Our visitors have the options of searching by capability, products, location and company name.

We provide more than 14,000 visitors per month with more information about our member companies than any other online directory.

## PrintAccess

- » Ensures the capabilities are visible in web searches.
- » Helps your company receive more exposure in search engine results.

# Leverage Programs

PIA MidAmerica has helped members save millions through exclusive programs designed to reduce costs and streamline operations. Explore our partnerships with Vestis, Clean Earth, and CardConnect to discover how these programs can benefit your business.

Contact us at [info@pamidam.org](mailto:info@pamidam.org) to learn more.

## Stop Overpaying

Whether it's towels or workplace essentials, Vestis helps PIA MidAmerica members **cut costs** while **gaining the support of a large-account advocate**. Join the program that's designed to keep your business running smoothly—and profitably.

## Clean Earth Hazardous Waste Services

- Pickup, transport, and disposal of hazardous waste
- Facility cleanups, environmental consulting, training, and supplies
- Special pricing for PIA MidAmerica members

The CleanEarth logo features the word 'CleanEarth' in a dark grey, sans-serif font, with a solid green circle to the right of the text. The background of the entire section is a photograph of a dense green forest.

The CardConnect logo features the word 'cardconnect' in a white, lowercase, bold sans-serif font on a dark blue background.

## cardconnect

Running a business is costly.

That's why we have joined forces with CardConnect to provide PIA MidAmerica members with simple, and affordable payment processing services

<http://1to1printers.com>

At 1to1printers, we deliver high-quality printing and signage solutions tailored to the unique needs of marketing, communications, HR, and event planning professionals.

Our comprehensive range of production capabilities ensures that we meet any printing challenge, from digital variable data printing and hardcase book-binding to specialty substrates, foil sleeking, white-ink printing, and custom laminates. We also offer large-format printing, trade show displays, and a wide array of promotional merchandise, providing complete solutions for your branding and marketing initiatives.

We are committed to going above and beyond for our clients. Our diverse capabilities extend beyond traditional print services to include laser engraving, UV and latex printing, fabrication, and trade show booth sales and rentals.

Whether you need high-quality print products, signage, or customized promotional items, we are your trusted one-stop shop for all printing and branding projects. As our tagline proudly states, we don't just print—we "Pamper Your Brand." 10 Employees

*Abbott Label is a performance driven, trade only manufacturer of both stock and custom pressure sensitive and non-pressure sensitive labels and tags. We do not sell directly to end user consumers and we rely solely on our trusted distribution channels. From our inception in October, 2000 to today, we have been driven by a single focus: to become the best wholesale label company in America.*

*From our humble beginnings in 2000, we have grown to four plants with a combined 200,000 square feet of space. Today, our plants stretch from coast to coast, and we are able to serve every label re-seller in the country within a 24 hour period. We have succeeded by adhering to a single focus: To serve our customers and help them grow by consistently outperforming our competitors and exceeding our customer's expectations every day.*

*Our company's roots in the label industry can be traced back over 35 years. During that time, our product mix has evolved to meet the ever changing needs of our re-seller customers. While we still offer many of the same high quality stock label products today, our product offering now includes 4 color process labels, digitally printed labels, integrated and affixed labels, as well as flexible packaging and full variable printing through a wide variety of print media. We will continue to work tirelessly to earn your business, because that's the Abbott way.*

*Delivering you a custom packaging solution is what we dream about at night. Inventory management and custom fulfillment occupy our dinnertime discussions. At ABOX, packaging is our passion and we bring a lifetime of printing experience and an uncompromising commitment to detail to each and every piece of material that passes through our door.*

*Over 100 people work together every day to make sure your packaging exceeds your expectations. We are a team and a family that believes in excellence, supporting our community, and having some fun. That's why you will see fishing boxes around our facility inviting our team to nominate one of their own for special recognition. It's why we have spirited debates about the success and failure of our favorite sports teams and earn trips to watch them play. A bit more seriously, that is why we support our local hospital, school district and Chamber of Commerce along with just about every kid based activity around.*

*Really it comes down to this, there is only one way to do business. The Right Way!*

*That means exceptional quality for our customers, respect and caring for our team and support for our local community.*

For over twenty years, Action Printing has provided print and marketing  
 solutions to clients across the United States and even across the globe in  
 Canada, Europe, and Australia. We started out in an 800 ft<sup>2</sup> building and had  
 just two employees (a husband and wife) equipped with only an offset press  
 and a walk-up copy room. We've now grown into an 8,000 ft<sup>2</sup> building with 31  
 employees equipped with a black and white press, a digital full-color press,  
 traditional offset presses, inkjet mailing services, and a whole host of binding  
 equipment.

And as the Marketing Industry has evolved, so has Action Printing. In addition  
 to our print products, we now offer other services including custom graphic  
 design, direct mail list creation, online marketing, and more. We strive to  
 provide the latest and most effective marketing techniques to complement  
 our print products. For example, Action Printing now provides an online  
 ordering system to make ordering personalized documents from us easy and  
 hassle-free.

Action Printing provides a full-service "one-stop" shop offering design, print-  
 ing, marketing, and analysis all under one roof. We pride ourselves in being  
 problem solvers and helping our clients go beyond the single transaction and  
 building true, ongoing business relationships between our clients and their  
 customers.

Airport Printing Service is a premier, woman-owned commercial printing company in El Paso, Texas, located in the beautiful southwestern United States.

We at Airport Printing Service have expanded our business reach to the region as well as the entire nation with our online printing Web site. Our Internet presence offers easy access to all of our "brick and mortar" services including: direct imaging, 200 line screen printing, stochastic printing, complimentary aqueous coating, superior customer service and reasonable pricing. Our website also provides a convenient avenue for our customers to submit their orders.

When our clients submit their jobs to Airport Printing Service, our customers can count on superior service throughout the entire process: price quoting, job intake and scheduling, prepress file integrity verification, printing, bindery, delivery and mailing. By offering various turnaround options, we at Airport Printing Service deliver dynamic solutions for all your printing needs.

At Alpine Litho-Graphics, service goes way beyond printing because we know our customers need - and expect - much more.

For over 36 years, Alpine Litho-Graphics has been producing outstanding sheet-fed and digital commercial printing in Kansas City, Mo. Ours is a powerful combination for creating high-quality, value-added pieces:

· Trained, highly skilled people,

· State-of-the-art AGFA digital pre-press, and

· Heidelberg presses that print to the strictest standards and tolerances.

For over 165 years our team of craftsman and creators have delivered on the promises that we make with our clients. Our core focus is Print, Direct Mail, and Creative Services - allowing us to position ourselves as the regional leader in digital print production, variable data printing, print-on-demand storefront solutions, and digital workflow technologies. While our value delivery system is largely powered by putting ink on paper, we believe our sustainability lies within our ability to collaborate with our clients and trusted partners to solve business challenges in the direct marketing communications industry.

*Bayside Printing was established in 1973 with a focus on quality, commitment and superb customer service. Since then Bayside has become one of the most dependable, award-winning, and established sheet-fed commercial printing companies in Houston.*

*For over 50 years Bayside has continued to grow and surpass our competition by mastering the ability to meet and exceed our clients' expectations in a professional and business savvy environment. This begins with a supportive and caring customer service team and follows through with attention to detail in our prepress department, on the presses and in the hands of our bindery and fulfillment workers. Most of our employees average over 10 years with our company, which demonstrates stability, loyalty and a great working environment. From our front desk support to our delivery team that plans and ships out all promised projects on time, each member of the Bayside team is committed to making your print project flawless.*

*We are a Certified Hispanic Women Owned company that embraces diversity in the workplace. The Bayside work environment employs a multi-generational and multi-cultural workgroup that recognizes differences as opportunities to learn and gain by working together. We support a work environment that encourages unique skills and talents and that seeks and considers diverse perspectives and ideas as a common practice.*

*Bayside has a modern facility and an array of supportive printing and bindery equipment. We have a sheet-fed operation with six-color capabilities including aqueous coating. Our exclusive multi-press Heidelberg pressroom allows us the flexibility to produce any project, both large and small. 30 Employees*

*Each of our customers has a unique set of needs and goals, and together we work to achieve them.*

*We create and operate several online storefronts for our customers that allow them to order static and customized products on the internet, saving them time and money.*

*We developed and implemented a cross channel campaign that generated a 12% response rate and a 50% increase in spring service business over the previous year.*

*We created a streamlined, customized solution for one customer who needed a way to provide 60-75 orders of business cards on a daily basis.*

*One company that produces floss for needlework projects needed a better way to provide color reference materials; our color accuracy helped them replace costly sample kits of actual floss with a print version.*

*We developed customized production workflows for the quick turnaround necessary on livestock sale catalogs.*

*Each of these solutions was created and implemented based on conversations with our customers about what they needed to accomplish. Even after we've developed a solution, we continually work to find even better ways to get it done.*

*Contact us and see for yourself why so many companies in the United States and all over the world trust us to tell their story.*

Cedar Ridge High School values and promotes integrity by exploring ethical principles and philosophies, modeling and celebrating respectful behavior, and encouraging students and staff to make positive and productive choices to be the best versions of themselves. Cedar Ridge intentionally instills compassion by creating an environment that values the humanity of each and every stakeholder in a diverse culture by modeling and encouraging tolerance, empathy, forgiveness, acts of kindness, good sportsmanship and community service. By setting and modeling high expectations, Cedar Ridge High School strives for excellence and approaches new challenges with a growth mindset. In doing so, Cedar Ridge builds a sense of personal and shared responsibility. We will recognize students for their achievements both academic and extracurricular, to foster a community that invests in itself and others.

Students will be expected to develop and understanding of the industry with a focus on fundamental elements and principles of visual art, design, and print. Students also gain an understanding of the printing industry with a focus on digital prepress and digital publishing. Students will also develop and improve interpersonal skills as they work with real clients during the design and production of promotional material. Students have the opportunity to earn Industry Based Certifications in Adobe Photoshop, Illustrator, and InDesign.

*Clampitt Paper has been a family-owned and operated paper merchant since 1941, proudly serving customers from its home base in Dallas, Texas, for over 80 years. Led by Chairman and CEO Don Clampitt, the company has continued to innovate and lead the way in the paper and printing industry. As the last independent and family-owned paper merchant in the Southwest, Clampitt Paper stands out by offering top-quality paper for offset, digital, and wide-format applications while maintaining a fresh, customer-focused approach to service. Over a decade ago, the company expanded its offerings to include Wide Format materials and equipment and tech services, quickly becoming a top provider with a best-in-class service team. Today, with 23 locations across seven states, Clampitt Paper is known for its exceptional customer care and proudly lives up to its nickname: "The Paper People." 225 Employees*

Creative Printing is a family-owned, certified woman-owned business. Founded in 1967 in Mission, Kansas, our business has grown consistently every year. In 1977 we moved to our current location in Merriam, Kansas, occupying 1 unit within the building. Over the past 50 years, we have expanded to fill 58,000 square feet of manufacturing space. Our growth has allowed us to continually invest in equipment and technologies to bring the most efficient production techniques and cost savings to our customers.

We can handle all your packaging and printing needs. We are here to give solutions. We are one of the largest commercial, packaging and digital printers not only in Kansas City, but in the United States. All of our operations are performed in-house from pre-press through printing, die-cutting, folding, gluing, and fulfillment.

We have built our reputation as a supplier of high-quality printing and finishing services. Looking to the future, we promise to continue to explore new technologies to bring you the highest quality printing and finishing at competitive prices. 40 Employees

*Dallas College is one of the largest community colleges in Texas. Since 1965, we have helped almost 3 million people on their educational journey. Our students benefit from our partnerships with local business leaders, school districts and four-year universities, and we have over 20 years of experience in online education. In addition, we provide economic benefits to business, taxpayers and the community. Dallas College offers a variety of programs that might involve printing or related kills.*

Here are a few options:

*Computer-Aided Design and Drafting (CAD): This program prepares students for roles such as CAD operators or printed circuit board designers.*

*Library Services: Dallas College libraries have a district-wide copy/printing system, allowing students to print and scan documents across all campuses.*

*IncludED Program: This initiative provides students with access to learning materials, including eBooks and textbooks, which might involve some printing*

*In working with us, you'll find that our company is not overly regimented. Everyone understands their role but is willing to help out wherever needed to see a job through. You'll never hear a member of our staff say, "that's not my job."*

*Though we believe whole-heartedly in this open approach, it's necessary to separate our company into a few departments. Whether it's Customer Service or production, it takes everyone we have to make our clients look their best. 18 Employees*

At Peacock Press, we love what we do. The passion we have for our work enables us to take ownership of our clients' projects. We constantly strive to deliver the highest-quality products possible.

There is no greater satisfaction than delivering a finished product that helps a client reach their goals and objectives. To learn more about our approach to customer service, follow the provided links for more information.

Our Mission And Promise To You

To provide high quality products and value added services to our customers, while building professional long-term business relationships; creating growth and success for our clients.

Guiding Principles

Peacock Press was originally founded as Texas Business Printers in 1984. In 2004, we changed our name to Peacock Press. While our name changed, our service and commitment to that service has not.

Peacock Press now stands out in the printing industry due to the use of state of the art technology, a high level of customer service, and a commitment to meeting our customers' deadlines.

We view each client as our next challenge, and we look forward to becoming your business partner. 15 Employees

**WHO WE ARE**

Founded 30 years ago, Primary Color has grown from a full service sign screening company to providing digital, screen and offset printing across multiple industries. Our production capabilities allow us the flexibility to produce job quantities from one to millions.

We have multiple flatbed and roll to roll digital, large and grand format presses. Along with several silk screen presses, and anchored by a 6 color UV Carousel Press and 5 color plus coating unit, UV offset press allows us to print your projects in the most efficient manner. When it comes to finishing we boast several die cutting options to deliver creative marketing. Our full service bindery then kit packs and custom boxes your projects for delivery to your distribution center or for shipment directly to each store location.

From outdoor weatherproof products to indoor promotional media we have the experience and expertise. Being a full service printer we maintain a staff of designers with focus on consumer marketing trends and design.

**THE HISTORY OF OUR COMPANY**

*Printed Union / Pacific Printing brings to you unparalleled service and cost effective savings, backed by a 100% guarantee, and because we work so closely with labor unions, we are sensitive to the demands and needs of your busy schedule and budget.*

*Here are some reasons why you should allow us to help you with your printing & direct mailing needs:*

- *We are a union printer that helps fuel union printing needs*
- *We are family owned and operated*
- *We serve both local and out-of-state unions*
- *We use top quality paper stock and inks*
- *We use industry-trusted presses*
- *All of our work is 100% guaranteed*

**WE ARE BACKED****BY UNION SUPPORT**

*The mark of great craftsmanship and dedication is the hallmark of a union worker. When you trust your print job to a union printshop, you are not only receiving a great product but also helping to support local labor and their families!*

*We believe that working families come first.*

*We are committed to the welfare and well-being of our employees and their families. When you provide your employees with a living wage and benefits, you get a happier employee and a better product.*

*Lastly, when you entrust your printing jobs to us, you are helping to promote jobs for our employees and stability for their families.*

*From the working families of Printed Union / Pacific Printing, we thank you for your business!*

Richard Milburn Academy (RMA) is a public charter school network in Texas that provides alternative educational opportunities for students in grades 9-12. Our mission is to support students who thrive in non-traditional settings, offering personalized pathways to graduation, including credit recovery, accelerated learning, and flexible scheduling options. With a focus on innovation and inclusivity, RMA helps students overcome challenges and achieve their academic and career goals. We also place a strong emphasis on career and technical education (CTE), equipping students with industry-relevant skills that prepare them for success in college, careers, or the military. Our Pasadena campus is proud to host a regionally approved Printing & Imaging program of study, recognized by the Texas Education Agency (TEA), further demonstrating our commitment to providing students with hands-on, real-world learning experiences.

Our Printing & Imaging program is designed to provide students with a hands-on education in graphic design, printing technologies, and visual communication. Through a partnership with Xerox, we have established a fully functional Xerox print lab on campus, allowing students to gain practical experience with industry-standard equipment. Students in the program learn key principles such as:

- **Graphic Design & Layout:** Using software like Adobe Photoshop and Illustrator to design projects.
- **Digital & Offset Printing:** Understanding modern printing techniques and technologies.
- **Color Theory & Print Production:** Mastering the fundamentals of color models, resolution, and production processes.
- **Workforce Readiness:** Preparing for certifications and careers in the print and imaging industry.

The program integrates project-based learning where students create real-world print materials, such as promotional items, signage, and more, fostering creativity and technical skill development. With the Printing & Imaging Association MidAmerica membership, we aim to expand industry connections and provide students with even more opportunities to engage with professionals and access advanced learning resources. Through this program, our goal is to build a skilled workforce for the future while highlighting the value of the printing and imaging industry as a viable and rewarding career path

Right Images, Inc.'s primary objective is to make you happy. Here's how:

**Trust -** We'll tell you the truth, and we won't exaggerate.

**Price -** We'll earn your loyalty by consistently being your lowest-cost provider of printing.

**Speed -** We hustle. We'll finish your order quickly. We encourage our coworkers to work quickly and with a sense of urgency.

**Quality -** We'll carefully inspect your printed project more than once to ensure the highest quality.

**Enthusiasm and Friendliness -** We only hire customer service representatives who have positive attitudes, a concern for others, and a high level of attention to detail. They are a well-trained, enthusiastic, and caring bunch of graphic arts professionals who are determined to substantially out-perform the customer service reps at other printing firms.

How can we help you?

Skyline was the first high school in the United States to offer a magnet school curriculum. In the mid-1960's, B. J. Stamps and other Dallas educators conceived the idea of a very large high school for the Dallas Independent School District that would offer career education in addition to a traditional high-school curriculum.

The Graphic design and Illustration Cluster courses train young artist to support themselves in a career in the field of graphic design and illustration. Students should have a serious artistic interest, and the desire to develop their talent, and the maturity to work independently as well as in small groups.

Unlike our competitors, we've got more than simply "measures" in place to catch problems. What we have is even better: a culture where putting the job in the best position to be produced efficiently is our shared goal in the first place.

It starts with communication: saying what we mean, meaning what we say, and always having complete transparency within our team and the customers we serve. We don't just fix problems, stack the prettiest papers on top of the box, and move on to the next job. We stop to educate and empower anyone in a position to make it better the next time around. It might be the sales rep. Maybe it's even the customer.

At Slate Group, each department's focus is to make the next department's job easier. And to enable excellent results for every client every time.

*Spartan Printing, located in the center of the metroplex, is a sheet fed printer exclusively "To The Trade". We deal only with other printers, distributors, brokers agencies and packaging companies. Spartan has been a family owned business since 1963 delivering award winning quality and service.*

*State of the art digital prepress with direct to plate along with an in house graphic designer complete the front end of our operation.*

*Our large press division encompasses all Komori's utilizing (1) 20"x28" 5 color plus coater, (1) 20"x28" 6 color and (2) 6 color 40" presses with in-line aqueous or UV coating capabilities.*

*We have a small press division consisting of (2) AB Dick 9800's and (1) Ryobi 3302 2 color press.*

*Digital Printing is achieved on an HP 7800 press. This press is a true ink press, not a toner based machine.*

*Our Large Format Department consist of (1) Vutek QS2 80" by any length press plus (1) Kongsberg Router. The press can print rigid material as well as roll products. The router can handle many different substrates up to 5'x10'.*

*Finishing out our operation is a full service bindery department complete with die cutting up to 28x40, high speed folding/gluing for cartons, folding, stitching and much more in house, as well as a partnering with outside bindery operations to make Spartan Printing your complete one stop "Trade Only Printer". 57 Employees*

It was 1920 in an old firehouse off Capitol Avenue in Indianapolis where Harry Herff and Randall Jones started an insignia company that would bear their names. The company started manufacturing class rings, medals, pins and other emblematic jewelry. As the years went by, the company has grown to include yearbooks, graduation announcements, diplomas, caps and gowns, and diploma frames. Herff Jones offers everything graduation and one-stop shopping.
